

Angus Young Carers Newsletter

July - October Activities

Over the last four months, young carers got involved in a variety of activities. We've gathered some photos to share the highlights from each one.

Condor - Spirit of the Marines.

We had a great day out at the Condor. We learned and practiced first aid, explored the different vehicles, and enjoyed many other exciting activities.

Alba Explorers

What an awesome day out with the Alba Explorers at Lunan Bay. We explored caves, discovered creatures in the rock pools, and played zombie tag in the dunes. Along the way, we learned about the local flora and fauna and had plenty of fun digging and playing in the sand

Monikie Dryland Activity Day

We had great fun on the search for Monikie Grail.

Laser Tag & Bowling

We had a great day out enjoying bowling and laser tag. Everyone had lots of fun and plenty of laughs.

3 Bellies lunch & Kirriemuir Activity Day

The day began with a visit to the Kirriemuir Camera Obscura, followed by some playtime in the park. We then went to 3 Bellies Pub for a delicious lunch and a refreshing drink. Thank you to Lindsay Wilson for inviting us. We truly appreciate it. The final stop was the Police Museum, where we experienced what a night in the cells might have been like.

Go Karting

We had a fun day at the Dundee Track, watching these drivers dial in some fast laps. Maybe next time we will make the leaderboard!

Codonas

We had a fantastic day yesterday at the final activity of our summer holiday programme. Codona's did not disappoint, and the YC had a blast enjoying all the rides.

Murton Wednesday Group

Our Wednesday night group enjoy lots of different activities every week from storytelling with Captain hook to pond dipping finding and identifying water creatures below is a snapshot of the different activities that take place.

Murton Saturday Group

Our volunteering group meets every Saturday to help out around Murton Farm. Our young carers attend each week, working hard while earning volunteering hours toward their Saltire Awards, which celebrate youth volunteering across Scotland.

Scottish Young Carers Festival 2025

The Scottish Young Carers Festival takes place every year and gives young carers a chance to take a break from their caring roles. It is an opportunity to meet other young carers, take part in consultations, and most importantly, have fun. Here is a collection of photos from this year's festival.

The Promise Project

We had a great day out with some of our 'Promise Project' children. A big thanks to The Funky Wee Teapot for entertaining us and giving us the chance to share some of our creative skills. The kids are so excited to get their crafts back

October Activities Dundee Science Centre

Young Carers recently visited the Dundee Science Centre for a day full of discovery, hands-on learning, and plenty of fun along the way. It was a fantastic opportunity to explore, experiment, and enjoy an educational day out together.

October Activities Usan Beach

Different groups of Young Carers recently had the chance to visit Usan Beach for a fun day by the sea. They enjoyed exploring, taking part in activities, and spending time together outdoors.

Goodbye Errol

We are saying goodbye to Errol, who is moving on to new adventures. While we will miss them, all the staff and young carers thank them for their hard work, creativity, and the lasting impact they have made.

Acknowledgements

And finally, we would like to acknowledge those below, whose support in all the different activities listed in this newsletter and beyond has been a huge help.

Thank you to Kirrie Food Hub for their continued support.

Thank you to RM Condor for welcoming and hosting us.

Thank you to our volunteer drivers whose continued support ensures young carers get to attend activities.

Thank you to Alba Explorers for making these outings possible.

Thank you to Dundee Science Centre for hosting us and making us feel welcome.

And a thank you to the Young Carer Staff Team, as without them none of this would be possible.
